50 CENTS PER MONTH

U. S. MARINES OCCUPY VERA CRUZ

FIGHTING TODAY BEGAN AT DAY BREAK

Americans Soon Occupied City;
No Fatalities Among
Foreigners

BADGER'S MARINES PUT ASHORE FOR ACTION

Marines Swept Through City in Fan-Like Formation, Driving Mexicans

WASHINGTON, April 22.—The State Department has been notified that the American troops are in complete possession of Vera Cruz.

The statement, issued from the White House at 1:30 p. m., based on Consul Canada's dispatch sent at 1:10 from Vera Cruz, said: "Consul Canada's dispatch, sent at 1:10 from Vera Cruz, announced that the Americans are in possession of the entire city. Apparently no fatalities occurred among Americans or other foreigners. Firing has ceased except for picket shots."

MARINES LANDED AT TAMPICO IS REPORT

WASHINGTON, April 22.—That American marines have been landed at Tampico was unofficially reported today. Late this afternoon Secretary Bryan was asked to confirm the report. He replied: "Yes, I think so, but such information should come from the Navy department."

Asked whether the Mexicans had resisted, he replied: "I do not want to discuss that."

FIGHTING AT VERA CRUZ RENEWED AT DAYBREAK

WASHINGTON, April 22.—Fighting was renewed at Vera Cruz at daybreak, according to the official report of Consul Canada to President Wilson, saying: "The Mexicans resumed firing at daybreak. Warships immediately shelled the southern section of the city. Bluejackets and marines from Admiral Badger's fleet, which arrived last night, were landed to support Admiral Fletcher's men. Americans commenced a general attack at 8 o'clock under the ships' guns. No details have been received yet of Mexican casualties but at 8 o'clock last night it was believed 150 Mexicans had been killed or wounded. Unable yet to communicate with the embassy at Mexico City."

At 11:42 Consul Canada wired that 2000 American troops were sweeping through the city in fan formation, driving the Mexican troops before them. They expected to be in complete control by noon. Consul Canada added: "I have caused the circulation of a proclamation signed by Admiral Fletcher, requesting the authorities and populace to aid in restoring order. Major Butler and his Tampico command are now ashore here. The Florida, Utah, Arkansas, Vermont, New Hampshire, South Carolina and Prairie are lying close and using their guns. The Hancock, with marines aboard, has reported."

REGULARS TO BE EN ROUTE TO VERA CRUZ TODAY

WASHINGTON, April 22.—That United States regulars will be en route to Vera Cruz before night is generally believed here. Military telegraphers have named the government's wires and are presumably issuing orders. Government wires are being set up in Fort Bliss City and other strategic points. President Wilson has issued orders to his subordinates to maintain strict silence. Officialdom has as yet received no word as to the attitude of General Carranza. A declaration of war was momentarily expected throughout the forenoon. The State Department has reports showing that the dictator will appeal to Japan and Germany for aid. However, intervention by the powers is not anticipated here.

THIRD FLEET DIVISION IS ORDERED SOUTH

WASHINGTON, April 22.—The Third Division of the Atlantic Fleet, now at Boston, has been ordered to sail for Mexico on Saturday.

COMBINED FLEETS SHELLED VERA CRUZ—GEN. MAAS FLEES

(BY BERNARD RUCKER.)

VERA CRUZ, April 22.—Fletcher's and Badger's combined fleets are shelling Vera Cruz, knocking down the houses from which sharpshooters have been picking off Americans. The lighter guns are being used. Firing began after Fletcher had sent an ultimatum to the mayor demanding a guarantee that shooting of American marines would cease and business resume.

It was learned definitely today that the military governor, General Maas, had fled. The majority of American refugees are at hotels, which were compelled to receive them on Consul Canada's orders. No figures have been received at this hour of today's American casualties.

The fleet opened fire on the town

when the fight ashore promised to be continued. The guns of the Prairie and the Chester were effective. The naval academy and the arsenal were demolished, and many smaller buildings were destroyed. The marines swept through the streets under cover of the ships' fire. Resistance was mainly from rebel peons, who fled terror-stricken. None of the better class of Mexicans were visible. The city hall was deserted before it was seized. American troops then chased the looters through the houses and over roofs. Two marines were wounded in the fighting. About the naval academy, where there was some resistance, non-combatants took refuge in the railroad station. None were wounded.

COMPARATIVE WAR STRENGTH OF TWO NATIONS IN CONFLICT

United States

Army strength on June 30—4665 of ficers and 75,321 enlisted men.

Strength of army in continental limits—3680 officers and 54,628 enlisted men.

Men available for immediate use in Mexico—40,000.

Troops ready for invasion—12,000, now stationed in Texas.

Transports Summer, Meade, Kilpatrick and McClellan held in readiness at Galveston.

Strength of National Guard organizations—111,000.

Number of males of military age between 18 and 44 years in United States, according to census of 1910—20,538,347.

Number of males available for military duty according to reports of ad-

jutant generals of the states—16,127, 357.

Mexico

Strength of Mexican army estimated at 45,000 to 60,000 officers and men.

Uncertainty of strength due to recent deaths in battle and desertions to rebels.

Peace strength of army in 1912 showed 107 generals, 6236 officers and 49,382 men.

Mexican army consists of thirty battalions of infantry, eighteen regiments of cavalry, one of horse artillery, two of field artillery, one of mountain guns, two battalions of garrison artillery and one of engineers.

Several garrisons kept in important seaports, while the greater part of the federal army is in Mexico City and the northern part of the country.

MARINES GUARD WOMEN AND CHILDREN DURING BATTLE

(By W. J. Lamont, United Press Staff Correspondent.)

VERA CRUZ, April 22.—Inability to secure communication with Mexico City was due to the Mexicans cutting the telegraph wires last night. A large detachment of marines was guarding the Hotel Delancas during today's battle. Several hundred

American women and children refugees are at the Delancas.

Many Mexican soldiers were found wandering in the streets, drunk, and the federal barracks are deserted. Civilians generally joined in last night's firing. Twenty peons were found dead in the streets today.

NO WORD FROM O'SHAUGHNESSY—SHANKLIN REPORTED KILLED

WASHINGTON, April 22.—At 4 o'clock this afternoon no word had been received from Charge d'Affaires O'Shaughnessy at Mexico City. Secretary of State Bryan admitted this morning that no word had been received from O'Shaughnessy since yesterday. Unconfirmed rumors of massacres in various parts of Mexico were circulating this forenoon.

Secretary Bryan said he had not been informed whether or not O'Shaughnessy had been given passports. It was believed that in such event he would be permitted to communicate. Consuls are reporting the sending of Americans to the sea coast as rapidly as possible.

Secretary Bryan later admitted that he had received no word from O'Shaughnessy since Monday. It had been previously rumored that O'Shaughnessy had reported yesterday. Bryan said his last word was a supposed message to the effect that Huerta had broken off diplomatic relations. It was rumored this morning that O'Shaughnessy had been killed.

Rumors of possible violence to Americans in Mexico City continued during the early evening when another report that Consul-General Shanklin had been killed spread. Officials believe that the Mexicans cut the wires, this explaining the death of Bryan to the capital. Nevertheless Bryan appeared worried and gen-

eral fears are entertained as to the fate of the diplomats.

NO DECLARATION OF WAR YET FROM HUERTA

Secretary of State Bryan said he had received no declaration of war from Huerta, although it was certain it was expected. A diplomatic official informed the United Press that Mexican Charge d'Affaires Alzaga would ask for his passports tomorrow unless America acts first. In this event O'Shaughnessy will be recalled.

It is said General Huerta gave Alzaga discretionary orders and that Alzaga is convinced the only thing left to do is to ask for his passports. Officials claim that such will not constitute a formal declaration of war but only a cessation of relations. Alzaga smiled and refused to reply when asked if he had been instructed to ask for his passports. Beyond saying "I expect a message from Mexico City but I cannot anticipate its contents," he refused to speak.

Bryan Not to Resign

WASHINGTON, April 22.—An official denial was issued of the report that Secretary of State Bryan will resign. The denial was issued by Secretary Tumulty after a report that bloodshed at Vera Cruz had determined Bryan to quit had been generally circulated.

"Mr. Bryan will remain in the cabinet," Tumulty said.

Hemet, and it is expected that the managers of all of them will be here.

"BACON IS SHAKESPEARE" ADVOCATE DIES AT 77

LONDON, April 22.—Sir Edwin Durning-Lawrence, who attained celebrity by his two works, "Bacon is Shakespeare," and the "Shakespeare Myth," died here yesterday, aged 77 years.

One of Sir Edwin's best known contributions to the Bacon-Shakespeare controversy was his assertion that the classical "long word" cited in "Love's Labor Lost" is an anagram in Latin for "These plays of Bacon's offspring preserved for the world."

THE WEATHER

Unsettled tonight; cloudy Thursday; westerly winds.

—Workmen's compensation Insurance? Yes, I sell the best. Ben Turner.

BOMBARDMENT WAS VERY HEAVY

Shells from Fleet Wrecked Many Houses in Vera Cruz in Today's Fighting

AMERICAN MACHINE GUNS CLEANED CITY'S STREETS

Four Americans Killed and 20 Wounded When Marines Landed Yesterday

(BY W. J. LAMONT.)

VERA CRUZ, April 22.—The Americans completely captured Vera Cruz this morning after a bombardment by the fleet that was heavy for a time. Many houses were wrecked. Americans with machine guns advanced through the streets clearing them of sharpshooters and peons, who retreated hastily. The city hall was quickly taken and the city posted with guards. The work occupied half an hour.

ANXIOUS AS TO FATE OF REFUGEE TRAINS

VERA CRUZ, April 22.—American officials here are frankly anxious as to the fate of several trainloads of Americans supposed to have left Mexico City for Vera Cruz several hours later than the two refugee trains arriving today.

The German steamer Ypiranga, with munitions for Huerta, docked today, and the American authorities took possession of the cargo.

TWO BELATED TRAINS OF REFUGEES AT VERA CRUZ

VERA CRUZ, April 22.—Two trains of American refugees from Mexico City, about which much anxiety was felt, arrived today.

FLETCHER BLOCKED LANDING OF MUNITIONS FOR HUERTA

VERA CRUZ, April 22.—In the occupation of Vera Cruz yesterday by American marines, four Americans, bluejackets and marines, were killed and twenty wounded. The dead included:

Coxswain John F. Schumacher, age 25, 161 Harmon street, Brooklyn. Mother is Mrs. Isabelle McKinnon of same address.

George Poinsett, age 20, seaman, 5221 North Twelfth street, Philadelphia.

Daniel Aloysius Haggerty, private, marine corps on battleship Utah, 16 Harding street, Cambridge, Mass.

One marine corps private, name unknown.

LANDING OF MARINES SUCCESSFULLY MADE

Because of the expected arrival of the German steamer Ypiranga bearing a consignment of 200 machine guns, 10,000 rifles and 15,000,000 cartridges for the Huertistas, Admiral Fletcher yesterday forenoon at 9 o'clock ordered the seizure of the customs house, landing American marines from the battleships in the harbor. The Florida, Utah and Prairie, at 11:30 o'clock. In the skirmish four American sailors were killed and twenty wounded. In the fighting that followed 200 Mexicans were slain.

General Maas of the federals offered stubborn resistance, and fighting was continued for several hours, under cover of which the main body of the federals retreated westward from the city. The water front, the customs house and all important piers, including those from which extend the railroads to Mexico City, were occupied before night. The section around the American consulate, also some other sections of the city, were also held by the Americans by nightfall.

NOTIFIED FEDERALS OF PROSPECTIVE LANDING

Admiral Fletcher asked for the surrender of the port, through the American consul, W. W. Canada, prior to landing the marines. General Maas refused to surrender, and the landing was made, ten whaleboats filled with marines being sent from the side of the transport Prairie, numbering 150 bluejackets from the Florida, 200 marines from the Prairie and 65 marines from the Florida. Later a detachment from the Utah was landed. Captain William R. Rush of the battleship Florida commanding the operations ashore, taking his flag in a short while after the first men had landed. The troops were deployed about the American consulate, the railroads, along the water front and the approaches to Central Plaza where General Maas had concentrated his men. The first shots came from Mexican rifles and artillery, silenced at intervals by an occasional shot from the Prairie, the federal fire continued in a desultory manner until evening, with hot firing at about 2 o'clock in the afternoon.

Two sections of the special train

ATTEMPT IS MADE TO BLOW ANAHEIM SAFE

This morning about 1 o'clock an attempt was made to blow open a safe in the office of the Ganahall Lumber Company on East Center street, Anaheim. The thieves used glycerine, but only a small part of the charge exploded. Had the door been dislodged the robbers would have secured only \$10 for their trouble.

The thieves entered the office through a rear window. As usual, soap was used to make a container for the explosive. Soap was crowded into the edge of a crack of the door, and the fluid was poured into the crack. It is thought that most of the explosive ran inside the safe, and when the stuff was set off only a small portion responded.

The robbers evidently took one look at the safe, saw that the door had not

been opened and ran. Behind them they left a three-ounce bottle half filled with muddy colored glycerine, an 8-pound sledge hammer, a jimmy and a pick. The pick has been identified as one stolen at Anaheim from the Santa Fe.

Deputy Sheriff Dean, the finger-print expert, went to Anaheim this morning, hoping to find finger prints left by the robbers. He was unsuccessful. In handling the soap, the thieves' fingers were coated with it, and no telltale marks were found.

The sheriff's office is satisfied that the work was done by the same men who have operated in a number of Southern California towns. Dean thinks that one reason why the attempt failed is that the glycerine is of poor quality.

FARMERS' MUTUAL INSURANCE ASSOCIATIONS OF THE STATE HOLD MEETING HERE TODAY

Representatives of thirteen farmers' mutual fire insurance companies of California are gathered today in convention at the city hall. This is an annual convention, and it will last for two days, during which there will be papers read and discussions upon many phases of the work of the companies.

Among the visitors is E. C. Cooper, state insurance commissioner, of San Francisco. He is to address the convention tomorrow, and will urge that in a number of matters the companies adopt a uniformity of method. Different companies have different ways of doing things.

C. F. Crose of Santa Ana is president of the associations, and G. F. Cromer of Los Angeles, secretary-treasurer. It is expected that Napa, San Diego—D. C. Higbee, San Bernardino—J. N. Huehn, P. E. Walline.

Merced—Abe Ericson, A. A. Anderson.

Ventura—J. F. McIntyre, Santa Barbara—C. B. Husted, Black.

bearing refugees from Mexico City arrived during the day, most of the passengers being American women and children.

YPIRANGA PLACES SELF UNDER FLETCHER'S ORDERS

VERA CRUZ, April 22.—The Hamburg-American steamer Ypiranga moved to port yesterday afternoon and signalled the flagship, voluntarily placing herself under Rear-Admiral Fletcher's orders.

DRAINAGE CONGRESS OPENS AT SAVANNAH

SAVANNAH, Ga., April 22.—An expected message on flood control from President Wilson, and an address of Sir William Willock, builder of the Assouan dam, were features listed for the opening of the National Drainage Congress here today.

Speakers declared that flood prevention will be one of the big national issues to be presented to Congress by President Wilson next session, and they urged delegates to start campaigning now so that this legislation may be an effective means of checking the \$200,000,000 annual flood waste in the West.

ANTI-AMERICAN FIGHT AT PUERTO

Mexicans Rush Defenses at Both Calexico and at Tia Juana

GALVESTON, Tex., April 22.—A radio message from Dr. George Tabor, the American health officer at Puerto, Mexico, said that anti-American riots had broken out there, with the destruction of American and British property. He was aboard the steamship Dakotan.

DEFENSES RUSHED BY MEXICANS AT CALEXICO

CALEXICO, April 22.—Mexicans worked all night on breastworks a few feet from the international boundary. Three hundred Imperial Valley citizens have volunteered to cooperate with the cavalry now here.

MEXICANS MOUNT GUNS—ENTRENCH AT TIA JUANA

SAN DIEGO, April 22.—Additional troops have been sent to Tia Juana with field guns, as the Mexicans are entrenching and mounting guns there.

CONGRESS BACKS PRESIDENT WILSON

Both Houses Pass Amended Resolution Justifying His War Action

HOUSE TOOK 12 MINUTES ONLY FOR ITS PASSAGE

Bitter Debate Waged in Senate in All Night Session—Root Led Opposition

WASHINGTON, April 22.—President Wilson, in a special message, today asked Congress to appropriate half a million dollars to bring Americans from Mexico. Immediately after the message was received the Senate adjourned.

CONGRESS PASSED JOINT RESOLUTION OF SUPPORT

WASHINGTON, April 22.—The House of Representatives at 10:28 o'clock this forenoon passed the resolution empowering President Wilson to use arms in Mexico, as amended and adopted by the Senate four hours earlier. The passage of the resolution consumed twelve minutes.

Speaker Clark signed the war resolution at 12:05. President pro tem Clark of the Senate signed it at 12:30, and President Wilson signed it at 2:09.

The House passed the resolution by viva voce vote. There was little debate. Minority Leader Mann declared the responsibility rested with the Democrats for a war which would "bring neither honor nor glory to the country or the flag."

SENATE PASSED RESOLUTION BY VOTE OF 72 TO 13

The resolution from the Senate Committee on Foreign Affairs, justifying the use by the president of the army and navy in Mexico solely on the ground of the Tampico insult to the flag and indignities to American uniform was passed 72 to 13 by the Senate this morning at 3:21 o'clock.

Many who were opposed yielded at the last minute on the ground that the country practically is at war and the president should be supported.

The final vote came at the close of a stirring all night session, marked by bitter debate.

An amendment by Senator La Follette to provide that after the "subjugation" of Mexico the United States should retire from that country, leaving Mexico and "every portion of it to its own people," was voted down, 44 to 39.

Elihu Root led the debate against supporting the resolution on the grounds proposed by the President. Senator Hull of New Mexico was very bitter towards Wilson. Thirteen Republicans voted against the resolution.

HEARING ON TO PREVENT COTTON FUTURES TRADING

WASHINGTON, April 22.—The House Agricultural Committee today began hearings on the bill to standardize cotton gradings and to prevent trading in cotton "futures." Four days will be devoted to cotton, and the committee will then consider grain future trading.

A bill is now pending before the Senate committee to the same end. The question of prohibiting trading in futures has been a particularly live one ever since the Democrats obtained control of Congress. The subject affects practically every southern member. Their claim is that prices in the big cotton markets are largely fictitious, and that the farmer gets "bunked" by prices that do not anywhere near represent the actual condition of the real cotton sales market.

"LAST BUFFALO HUNT" TO BE HELD AT PIERRE, S. D.

PIERRE, S. D., April 22.—Arrangements are being made here today for staging the last great buffalo hunt of the West and in order that posterity may not forget how the original American chased his game, moving pictures will be taken of the hunt. John E. Sloat, Gettysburg, S. D., who has an option on the famous Scotty Phillips herd of 467 buffalo, is negotiating with a moving picture company to turn over part of the herd and with the aid of 200 Sioux Indians stage a great buffalo hunt, authentic in every detail. It is probable that the event will be produced on the ranges west of here.

S. R. CROCKETT DEAD

LONDON, April 22.—Samuel Rutherford Crockett, the novelist, died Monday, aged 54 years. "The Stickit Minister" was among the best known of his works.

GLENN MARTIN MAY CAPTAIN AN AIR CORPS

Los Angeles Tribune: A fleet of five aeroplanes, manned by California aviators who can "sail rings around the moon," may be sent from Los Angeles to Mexico to take part in the war that now seems inevitable with that country.

The Los Angeles militia aero corps, headed by Glenn Martin, which for several weeks has been in process of organization as an arm of the National Guard, has been offered to the war department by heads of the state militia in Sacramento.

This news was contained in a dis-

patch from the state capital last night and practically confirmed by the local aviator here. The offer has not as yet been accepted because the war department has not decided on the formation of the aero corps as an army division.

Seventy Seek Enlistment
Seventy Los Angeles men, including seven aviators and sixty-three mechanics, have signed applications for enlistment in the proposed corps. The fighting strength of the organization would be in the neighborhood of fifty men, according to Glenn Martin, who has been urged to accept the captaincy ever since the project was launched.

Martin has in his Griffith park hangars and in his factory five machines to which he says the government may help itself in the formation of an aero corps.

M. AND M. PLANS A BIG EXCURSION

A meeting of the Merchants and Manufacturers' Association was held last night at the city hall headquarters of the association. Every member of the board of directors was present. The subject of arranging for an M. and M. excursion this year was brought up and favorably commented upon. A committee consisting of E. A. White, chairman, E. B. Smith and A. N. Zerman was appointed to investigate the excursion proposition. The committee will make inquiries in regard to rates to various points, etc. It is quite probable that this year's excursion will be made to include visits to a number of the beach cities. One day will be taken for the outing. Last year no M. and M. excursion was held. Those held in preceding years met with great success, and the movement to organize an outing this year, probably in June, will undoubtedly meet with the heartiest support.

MERCHANTS' LUNCHEON AT ROSSMORE CAFE

The next Merchants' "Get-Together" luncheon is to be held at the Rossmore Cafe Tuesday, April 28. Merchants who attended the first luncheon which was given last month are looking forward with pleasure to the forthcoming affair. Combining as they do, business with pleasure, the luncheons are bound to become exceedingly popular. H. J. Forgy will be the speaker at Tuesday's luncheon, which is scheduled for 12 o'clock.

AMUSEMENTS

At the Lyric Theater
Ethel Grandin and Alexander Garden are being featured in a two-part drama today, "The Opal Ring," at the Lyric Theater, and notwithstanding the bad, rainy day, the matinee patronage has been above the usual in attendance. The same drama will be shown tonight.

Another entertaining drama, featuring that famous screen artist and Lyric favorite, Robert Leonard, in a political story, entitled "The Senator's Bill," together with one of those rollicking comedies, "Fretzel Captures the Smugglers," goes to make up a very pretty program.

Cleas Complexion—Removes Skin Blemishes
Why go through life embarrassed and disgraced with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, Itch, Tetter, salt rheum, Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate tender skin. Stops chapping. Always helps. Relief or money back. 50c. at your druggist.—Advertisement.

ANNOUNCEMENT
—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 4 p. m., and by appointment.

Santa Ana Painless Dentists, 102½ East Fourth St. Main 253

LAST THREE DAYS

of the Gigantic Slaughter Sale at Raymond's Department Store

In winding up this great sale which has been without a doubt one of the most gigantic slaughters of merchandise in the history of Santa Ana, we are going to make additional cuts in prices all through the house; and at the prices we are about to quote, it is doubtful whether we will have enough of each article to carry us through until Saturday night, at which time our great sale will close, so we would suggest for you to do your rshopping as soon as possible and avoid any disappointments.

Below we will quote you a few of the prices which will be in effect for the last three days of this Gigantic Slaughter Sale:

One lot ladies' trimmed Hats, on sale at 65c each.
One lot ladies' trimmed Hats on sale at 95c each.
All other ladies' trimmed Hats in the house, values up to \$10.00, on sale at \$1.35 each.

WHAT IS DOING ABROAD

(By Ed. L. Keen, London Correspondent United Press)

LONDON, April 21.—Five million dollars' worth of American art (fully insured against suffragettes); the longest scenic railway in the world; more than 100 buildings crammed with exhibits showing the country's progress in science, industry, literature, improvements in the comforts of life, and betterment of conditions of workingmen and women; a garden of 75,000 English trees; a magnificent working model of the Panama Canal; a reproduction of the room in which the historic treaty of Ghent was signed—these are some of the outstanding features of the Anglo-Saxon American Exposition which is meant to be opened here the second week in May.

Three thousand decorators are now busily engaged in converting the famous White City, London's permanent Exposition grounds at Shepherd's Bush where the exposition is to

be held, into a rainbow city for the occasion. Most of the displays already are in place, and the keen interest which British as well as American manufacturers are taking in the success of the enterprises indicates that all of the available 100 acres of exhibition space will have been filled before the day of dedication.

The exposition is the first item in the general program arranged by the British and American Peace Committee for the celebration of the hundred years of unbroken peace between the English-speaking nations. All the profits are to be devoted to objects of national utility in both countries, among those being endowment of scholarships and annual prizes in connection with the study of social and commercial economics.

The outgrowth of a suggestion by the American Society in London, plans for the Exposition were inaugurated a year ago at a meeting of influential British citizens and American residents in England over which the Lord Mayor of London presided. Seventy peers, including five dukes, more than 200 members of Parliament, and distinguished representatives of the arts and industries to the number of 1000 constitute the British general committee having in charge the details of the exposition. The Duke of Connaught is the official patron and the Duke of Teck president. During an extensive tour in the United States the Earl of Kintore, chair-

man of the executive committee, together with Imre Kralffy, director-general of the exposition, succeeded in enlisting the co-operation of some 300 boards of trade and chambers of commerce, in addition to promises of hearty support from the officials of the Panama-Pacific International Exposition.

Despite the fact that the British government has persisted in refusing to provide for official participation in the big Canal show next year, a large number of British exhibitors have agreed to keep their displays at the Anglo-American Exposition intact after its close in October and to ship them bodily to San Francisco.

Machinery covering more than 430,000 square feet, several thousand tons of it from America, was in place a month ago, and extra building had to be provided for the overflow. Sir J. O. Barker, chairman of the textile section, says that in no previous exposition in England or elsewhere have the British members of this industry been so largely represented.

A special section is to be devoted to the progress made by both countries in transportation by land, sea and air. The Panama Canal model, located in the American section of the Industrial Halls, showing every detail of the big ditch, has been constructed by American engineers who have worked on the isthmus at a cost of \$20,000.

Model ships of various types will be used to demonstrate the operation of the locks and towing devices, miniature trains drawn by real locomotives will travel the banks, and at night the scores of lighthouses, beacons, and buoys will be illuminated.

Of all the features of the exposition it is expected that the art display will be the most notable. Housed in the Fine Arts Palace, one of the best equipped buildings of its kind in Europe, containing 30 galleries for paintings in addition to 30,000 square feet of sculpture, this exhibit will form one of the most representative collections of British and American modern art ever brought together. Owing to the great value of the art exhibit, many paintings being masterpieces loaned by wealthy American families, the exposition authorities have taken out at Lloyd's a special form of insurance policy which covers possible damage by Mary Richardson or other suffragettes. Among the paintings is Seymour Thomas' official portrait of President Wilson, which next year goes to San Francisco exposition and later will be hung in the White House.

Several international congresses will be held at the exposition during the summer, one of them having been arranged by the Southern Commercial Congress of Washington, D. C. It is planned to have a conference of 100 mayors from the United States with a similar number from Great Britain for the discussion of various problems of commercial municipal government, under the presidency of Sir Vansittart Bowater, Lord Mayor of London.

Spring Laxative and Blood Cleanser
Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c. at your druggist. Bucklen's America Salve for All Hurts.—Advertisement.

Have You Been to

ARROWHEAD

Hot Springs?

IT IS A PERFECTLY DELIGHTFUL PLACE TO SPEND A VACATION OR WEEK END NOW UNDER NEW MANAGEMENT

An Ideal Mountain Resort

No spot in all Southern California offers so much in the way of clean, healthful, invigorating pleasure as does Arrowhead Hot Springs at the foot of the famous Arrowhead Mountain. Thousands of tourists from all over the world have visited Arrowhead and are advertising its climatic, scenic and other advantages wherever they go.

You can spend a week and or an entire vacation here and enjoy every moment of the time. The roads are good with an easy grade and the hotel has its own free fireproof automobile garage for the use of guests. There are many beautiful hill trails and canyon walks. The hottest natural mineral springs in the world are here; also the famous natural steam caves, mud baths, large outdoor plunge, etc.

The hotel has its own supply of fresh eggs, milk, pork, veal, vegetables, fruits and berries insuring a table service par excellence—which is under the direction of a chef trained under the famous Harvey system. Music, billiards and pool. Dancing Wednesday and Saturday nights. Special attention and accommodations for the care of rheumatic and asthmatic patrons.

TERMS—\$3.00 and upwards per day. MR. C. N. VANCE is in charge. For reservations, etc., address: ARROWHEAD HOT SPRINGS CO., Arrowhead, San Bernardino County, Cal.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-Time Recipe that Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, soft and abundant.—Advertisement.

I.C.T.U. ENDS 2-DAYS' SESSION TODAY

rs. F. J. Rogers Re-elected as President—State Officers Were Present

symposium on Culture in the Home. An address by Mrs. E. M. Brown, county Y. M. C. A. secretary, on "The Young Man's Part in the Dry Campaign," an essay contest and the awarding of banners, etc., occupied the closing hours of the convention.

Tuesday Afternoon
The afternoon session yesterday of the convention was well attended and full of interest. The county evangelistic superintendent led a very touching memorial service paying a tribute to the late national W.C.T.U. president, Mrs. Lillian M. Stevens, who so recently passed to the Great Beyond; and to six other W.C.T.U. members who had passed away during the past year. All joined in singing "Blest Be the Tie That Binds." Mrs. Winbigger sang a solo, accompanied by Mrs. Dr. Raugh. She responded to an encore by singing, "What's Done for God Can Never Die."

A splendid demonstration was given by three of the different classes of the Spanish children of the Santa Ana school. Much credit is due the teachers of those children. Mrs. Lucy Blanchard, state president of the W.C.T.U., gave plans for the campaign as outlined by the state. Mrs. Chas. Johnson then favored the convention with a splendid solo, accompanied on the organ by Harry Warner. The convention joined in singing "California Is Going Dry," led by Mrs. Irvine. Mrs. Stella B. Irvine, temperance state superintendent of the Sunday School Association of Southern California, gave a most stirring address to the Sunday school workers of the county, many of whom were present. The main thought in the address was what part the Sunday school could have in the great dry campaign. Young campaigners should be organized so that next fall there may be great parades of the Sunday school children. A cap, pennant and pin inscribed with "California Dry, 1914," should be furnished each young campaigner. All these can be secured for 15 cents. The Sunday school "cry" should be taught to the young campaigners. The rally cry is: "Sunday Schools! Sunday Schools! Shout and Cry: California, California! Dry! Dry! Dry! Who will help to make it so? I! I! I!" The Sunday School Campaigners' pledge is: "I will wear the campaign badge and do all I can to help make California dry."

Evening Session
The evening session was opened at 7:30 o'clock. Rev. J. G. Kennedy, pastor of the United Presbyterian church, led in a very appropriate devotional service. An organ solo was given by Harry Warner, organist of the United Presbyterian church. A song by the Y. P. B., led by Mrs. F. H. McElree and Miss Corinne Burns, "We'll Make California Dry," was sung accompanied by Miss Marie Thomas. Mrs. Lucy Blanchard, state president of the W.C.T.U., gave a splendid address on "Woman's Part in the Dry Campaign." The interesting feature of the address was the account of the great gathering of temperance forces that started the campaign for California Dry. Rev. C. H. Sutherland spoke very enthusiastically of the men's part in the dry campaign, and also made the announcement that a Federation of Dry Campaign Societies would be organized in this city Tuesday evening, May 12, in the Congregational church. Mrs. Stella B. Irvine spoke in a very hopeful manner of "California Dry From a Woman's Standpoint," and the meeting was then closed by singing "The Fight Is On."

The Allerton Hotel dining room will be opened Friday morning, April 17, under new management. Strictly home cooking.

AQUEDUCT ABOUT COMPLETED

The Aqueduct is about completed. We have on hand a very large amount of good serviceable water pipe, sizes 1, 2, 3, 4, 5 and 6 inches. This pipe is in very good condition; only used for water purposes, carefully laid and taken up carefully. We must dispose of this pipe at once, and will do so at a big discount. Those who are in need of good serviceable pipe can find great bargains in this pipe. Write or phone us at once. Aqueduct Pipe Company, City of Los Angeles, Office 1327 West Seventh St. Phone Wilshire 1315.

Loveliest Spring Suits Now on Sale!

Silks 65c For Friday

—Another sale of fancy silks, \$1.00 values at 65c for Friday.
—Some excellent silks, and dependable, for street dresses, and waists—such as striped silks in blue and white and brown and white, plaid silk serges, changeable taffetas, and pongees.
—These are taken from our regular stock for clearance. They are regular 85c to \$1.00 values specially priced for Friday at 65c.

Rankin Dry Goods Co.
107 WEST FOURTH ST. - 410 NORTH MAIN

—SPRING PARASOLS—

The new shapes are so attractive, and the colorings so pretty. See our display.

Exceptional Values Offered for Clearance

—This is an exceptional offer for this time of the year, a sale of our cleverest Spring models, all regular stock. The usual run of "sales" at this time of the season is comprised of "special purchases" bought cheap and sold at a good profit.
—For quick clearance of all Spring Suits, we have shaved off our profit and offer you the pick of our stock at practically cost. Here are some of our special values:

\$20 and \$22.50 Suits \$14.50

—Spring Suits all of them, nicely tailored of all wool serges and black and white checks, and fine wool crepe cloths in the best shades being shown for Spring.
—Our regular \$20.00 and \$22.50 line for \$14.50.

Values to \$27.50 now \$17.50

—At the low price of \$17.50 we are offering splendid \$25.00 Spring Suits in plain or fine novelty cloths. We show models in the new tango shade, the rage of the season, with handsome Persian trimmings.
—All regular \$25.00 Suits now \$17.50.

\$27.50 will buy a \$45 Suit

—An exclusive WOOLTEX model in dark Copenhagen blue, strikingly trimmed in Roman striped silk. Cloth is a fine wool crepe, one of the season's best.

Silk Petticoats - \$1.25 to \$5

—The new dress styles demand silk petticoats of some description. We have just what you want at the price you want to pay.

JERSEY TOP PETTICOATS, \$3.75

—To wear with silk dress or gowns, clings to the figure and will not interfere with the draping and grace of the skirt.
—Comes with an all-silk jersey top; and 9-inch Messaline flounce. We show the season's best colors. Price \$3.75.

GOOD MESSALINE SKIRTS, \$3.50

—Of good quality all Messaline, double flounce. Has the popular adjustable top to fit all sizes, and sets smooth over the hips with no wrinkles or gathers.
—This is one of our leading numbers, which we show in all the popular high colors. Price, \$3.50.

CHIFFON TAFFETA SKIRTS, \$4.00

—Of the popular soft Chiffon Taffeta in changeable hues. Very pretty combinations of changeable blues, greens, browns and reds. Price, \$4.00.

BROCADED SILK PETTICOATS, \$5.00

—Of splendid quality brocaded Messaline, and soft satins, narrow widths with attractive pleated flounces. Price, \$5.00.
—Chic black and white striped petticoats, with black and white brocaded flounces finished with green ruffles. Price \$5.00.
—An extra heavy Messaline skirt in plain colorings of Emerald, or King's Blue, with pleated flounces. Price \$5.00.

TUSSAH SILK SKIRTS, \$1.25

—Of the popular half silk wash material, plain colors, with light single flounces. A very good looking durable cheap skirt. Price \$1.25.
—Half silk brocades in better grades, some with plain pleated and embroidered flounces, at prices of \$2.25, \$2.50 and \$3.00.

GINGHAM PETTICOATS, 50c TO 75c

—Of striped gingham with neat flounces, trimmed with plain bands. Prices, 50c, 60c and 75c.

DEPUTY COMMISSIONER CAN NO LONGER ISSUE LICENSES

The State Fish and Game Commission has issued the following on the sale of hunting and angling licenses:

This is issued as a reply to the hundreds of persons who apply to the Commission for hunting and (now) angling licenses, intending to resell such licenses, and as an official statement relative to the Commission's attitude on the license business.

In the first place, the Commission is not a license bureau, and probably it would be better if licenses could be issued by the state treasurer or a license bureau, acting as a department of the state government. The present system loads the Commission with a great deal of work, costs a great deal of money and diverts the Commission's attention to some degree from its proper business, the rearing of fish and game and the patrolling of the lands and waters of the state. However, the system is with us and there is nothing to do but gracefully accept it and work under it as effectively as possible.

The Commission has always felt that inasmuch as it is made the particular business of the county clerks to issue licenses to hunters and fishermen, the final sale should be left to the county clerks and their agents and the fees paid to them. While a few licenses are sold each year by the salaried deputies of the Commission, this sale has been kept at the very minimum—out of what has been considered courtesy to the county clerks, and for the reason that deputies can not issue licenses and attend to what is of vastly more importance, their patrol duties. And again, a collection by deputies would mean that the average hunter and fisherman would go into the field without his license, on the chance that he would escape arrest, even if caught, by buying a license. It seems certain that a field collection would reduce the sale of licenses by 50 per cent—which means that the Commission's work would be practically destroyed.

Having these conditions in mind the Commission will issue no licenses in the future except to county clerks, gun stores in San Francisco, where the county clerk handles no hunting and fishing licenses, individuals who apply to the offices of the Commission and to regular salaried deputies, who will issue only in certain emergencies. The Commission feels that there are hunters and fishermen in certain isolated districts, who seldom go into town and even have difficulty in get-

tain the necessary stock of licenses, application blanks, etc., from the Supervisor, who will make his application of the proper county clerk. This statement is being sent to each county clerk in the state with this paragraph indicated for particular attention. If further communications on the same subject are necessary, the Commission will act most cheerfully.

In conclusion the Commission would reiterate the statement that hunting and fishing licenses will be sold by the Commission itself in future only where such sale seems to be particularly indicated, as in the four cities in the state in which the Commission has offices and in such other instances in which it may seem that no other convenient source of supply is available. In no event will any field deputy of the Commission be permitted to act primarily as a collector of hunting and angling licenses.

Yours respectfully,
FISH AND GAME COMMISSION,
Ernest Schaeffle, Assistant.

PUBLIC EDUCATION FROM LOCAL NEWSPAPERS

A striking illustration of the way in which local newspapers can instruct the public on health topics is found in the special Y. W. C. A. edition of the Knoxville (Tenn.) Sentinel, issued by the women of Knoxville. This edition contains a large number of special articles on many topics of local and general interest, an entire page being given to public health.

A large share of this page is occupied by an article on "Organized Medicine, What It Stands For, and Some of the Things It Has Accomplished," which presents the entire argument for medical organization as a benefit to the public. The objects and advantages of organization, for both local and national associations, are presented clearly and forcibly. Other articles on the page are, "Immunity First Aid to Preventive Medicine," "Advantages Claimed for General Hospital Plan," "Garbage Disposal" and "Vivisection." A reprint of Rudyard Kipling's article on "The Doctor and the Patient" from the Ladies' Home Journal completes the page.

This example is a good one for other county societies to follow. In counties in which the medical profession is properly and effectively organized, a request from the society as a body, for an insertion in the leading papers of the county of suitable educational articles on public health topics, will be disregarded by very few local newspapers. Articles prepared under the supervision of the county society and published with its approval will carry an amount of authority and influence that would not be possible in the case of articles prepared and signed by individual physicians.

With the advance in preventive medicine and the increase in knowledge of methods of transmission of contagious diseases, the doctor is reverting more and more to his original role of teacher. The Journal of the American Medical Association thinks that the sooner physicians as a class qualify themselves for this educational function, the sooner will they have the overwhelming support of intelligent people.

ADVERTISING FRAUDS

"Printer's Ink" gives a list of nineteen states that already have laws against advertising frauds. In the early stages of this movement the newspapers were rather skeptical about its practicability. It seemed as if the big producers could escape through the astuteness of their lawyers, while small dealers might suffer where there was no wilful intent to deceive.

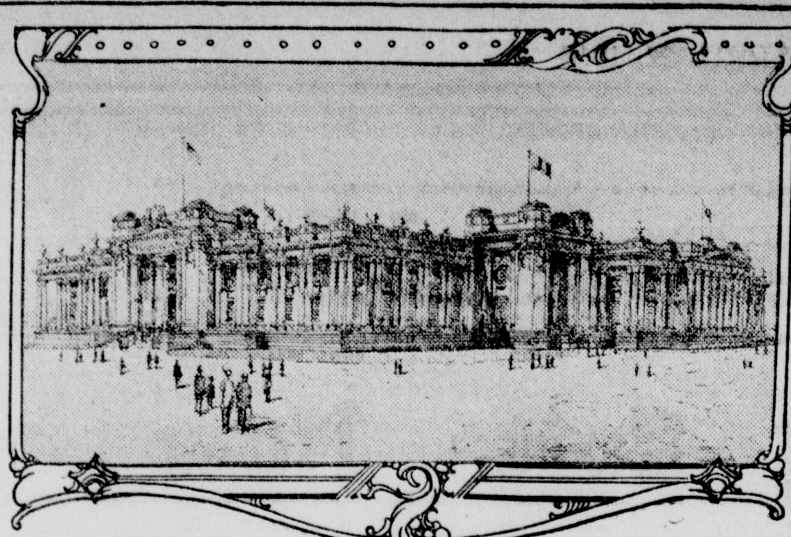

Most publishers would like to print a clean sheet of business announcements, but they cannot run to earth every fraud that seeks publicity in their columns. Publishers would welcome any responsible agency assuming the responsibility of weeding out fraudulent advertising, for a newspaper gains nothing by such advertising in the long run. Every dollar that is paid to fakes and frauds is a dollar drawn from the channels of legitimate trade. If it went into the hands of those who supply the necessities of life, the publishers would get their share.

Retail advertising is the cleanest and whitest in existence, for the retail merchants know that a false advertisement is a boomerang. It hurts not merely the man who inserts it, but the whole business community. The man who should persist in false statements in his advertising would soon find himself an outlaw in the retail trade.

The last number of the Army and Navy Journal states that a part of the regular work of the cavalrymen now patrolling the Mexican border is the study of Spanish. Thus the threat of intervention has made the Spanish language necessary in an unexpected quarter. What is needed to help on commercial relations is not a lot of men who can talk an awkward smattering of Spanish. It is a smaller number who have studied several years and can speak and write with facility. A fellow so equipped will find many opportunities.

Considering the high cost of wedding presents, certain startled Congressmen are planning to elect a confirmed bachelor to the presidency next time.

Who said money was scarce? The First National Bank of Aurora, Ill., advertises: "Money to loan to farmers for feeding cattle."

Copyright, 1914, by Panama-Pacific International Exposition Co.

CANADA AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

PLANS for the Canadian building at the Panama-Pacific International Exposition at San Francisco in 1915 have been approved, and the work on the great structure has started.

The Canadian Palace, as it is officially named, will be one of the largest and most imposing of the foreign buildings, having a length of 340 feet, a width of 240 feet and a height of 50 feet, and will cost in the neighborhood of \$300,000. It will be the largest building ever erected by Canada at an international exposition, covering 65,000 square feet, and will house one of the most elaborate and comprehensive exhibits of the Dominion's resources and products ever shown on foreign soil. Six hundred thousand dollars has already been voted by the Canadian parliament for the building and exhibits, but a further grant, bringing the appropriation up to \$1,000,000, will be recommended.

ALCOHOL BARRED FROM NAVY

JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION.

Alcohol as a beverage has been barred out of the United States Navy. Following the recommendation of Surgeon-General Braisted, Secretary of the Navy Josephus Daniels has issued an executive order abolishing all alcoholic liquors from every ship and station of the navy. The order reads: "The use or introduction, for drinking purposes, of alcoholic liquors on board any naval vessels, or within any naval yard or station, is strictly prohibited, and commanding officers will be held directly responsible for the enforcement of this order."

The significance and extent of the change which has taken place in popular views regarding alcohol, as indicated by this sweeping order of the Secretary, can be appreciated only when one recalls the stories of naval experiences of past generations, when rum, brandy and whiskey formed a part of the regular ration, when liquor of some kind was served, as routine procedure, to officers and men before going into action, and when one of the chief characteristics of sailors, whether officers or seamen, was their ability to dispose of an amazing quantity of intoxicants. The development of scientific methods and the use of instruments of precision in warfare have made alcohol absolutely detrimental to the modern naval man. Sea-fights in the past were won by brute hardihood and physical endurance which could perhaps be stimulated, temporarily at least, by large doses of alcohol. The modern warship is a floating laboratory of delicate and accurate machines. The

Course of the Panama Canal. There is a somewhat popular delusion about the Panama canal—to wit, that the course from Colon, on the Caribbean or Atlantic side of the isthmus, to Panama, on the Pacific side, is from east to west. Of course the Atlantic is at the east and the Pacific is at the west, but the isthmus is very crooked and at this point tends from a little south of west to north of east, and Colon is actually farther west than Panama. As a result the canal runs from north-northwest to south-southeast, and on reaching the Pacific ends himself farther east than he was when he left the Atlantic. Queer, isn't it, to go westward by going eastward? But it's a geographical fact, all the same, which few realize until they study the map.—New York Tribune.

Canine Etiquette. In their relations one with another dogs have a keen sense of etiquette. Unless they are on very intimate terms they take great pains never to brush against or even touch one another. For one dog to step over another is a dangerous breach of etiquette unless they are special friends. It is no uncommon thing for two dogs to belong to the same person and live in the same house and yet never take the slightest notice of each other. We have a spaniel so dignified that he will never permit another member of the dog family to pillow his head upon him, but with the egotism of a true aristocrat he does not hesitate to make use of the other dogs for that purpose.—Henry C. Merwin in Atlantic.

No Canes For Actors. There is one profession that has always refrained from carrying a walking stick. The actor knows well that on the stage he must walk without extraneous support, and he knows that the mere hint of a walking stick in his hand as he walks the streets is a temptation to lean this way or that. Actors, even when out of a job, never lean on a stick. They know that their balanced walk is their asset. If the whole of society recurs to walking sticks the actors will refrain.—London Chronicle.

Not Even Bent. Little Eric had dropped a basket containing some eggs on his way home from the grocery. "How many did you break?" asked his mother. "I didn't break any," replied Eric, "but the hulls came off two or three."—Chicago News.

Boys' Long Pants Suits \$10 \$12 \$15

—Norfolks, Semi-English and regular styles, cut to suit the young man's most particular ideas.

—Blue and black pin-stripes, browns, grays, and blue serges in sizes from 30 to 35.

W.A. HUFF

LOCAL DRUGGIST MAKES MANY FRIENDS

—The Rowley Drug Company reports they are making many friends through the QUICK benefit which Santa Ana people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-ika relieves constipation and gas on the stomach almost IMMEDIATELY.

SANTA ANA FOLKS ASTONISH DRUGGIST

—We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-ika, is the best we ever sold. Santa Ana folks astonish us daily by telling how QUICKLY Adler-ika relieves sour stomach, gas on the stomach and constipation. Many report that a SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Santa Ana Agents for Adler-ika. The Rowley Drug Co.—Advertisement.

Santa Ana Painless Dentists 102 1/2 East Fourth St. Main 253.

13.99 INCHES FOR SEASON

Present Rainfall of Inestimable Value to Bean and Beet Growers

Up until 12 o'clock today 40 of an inch of rain fell, making a total for the season of 13.99 inches. Rain since noon brought the total up to considerably more than 14 inches.

Little if any damage has been done by the rainfall of last night and this morning. Some barley has been cut in various parts of the county but only the smaller patches. The benefit of the rain to the bean and beet growers is inestimable. The bean men especially have been hoping for rain for the past month. Last night's rain will permit them to get the ground in fine shape for bean planting.

Grain sown before the heavy down-pour of two or three months ago will not be damaged by last night's rain, while the barley sown after the heavy rains will be helped wonderfully.

The outlook for a bumper beet crop has always been extremely favorable. It is made doubly so by the present downfall.

There is no doubt but that hay will be very cheap this year. There are great quantities of last year's hay left over. This, combined with the great crop that is assured for this season, will make hay very low in price. Those who keep in touch with the market conditions are positive that the best barley hay may be bought this season for \$12 or \$13 per ton. Oat hay, it is thought, will go to \$15.

GOOD SUGGESTION TO SANTA ANA PEOPLE

—It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Santa Ana agents for Adler-ika. The Rowley Drug Company.—Advertisement.

Strengthens Weak and Tired Women "I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief of money back. 50c and \$1.00, at your druggist.—Advertisement.

A New Kind of Pastry

Crisco pie crust is rich, wholesome and delicious, for Crisco is all vegetable and all pure.

Crisco's digestibility is especially important in relation to pie crust, in which so much shortening is used; it is a scientific fact that shortening is unchanged in the baking process. It is still in a raw state, merely having been distributed throughout the dough or crust.

CRISCO
For Frying—For Shortening
For Cake Making

(Clip This Recipe)

Plain Pastry

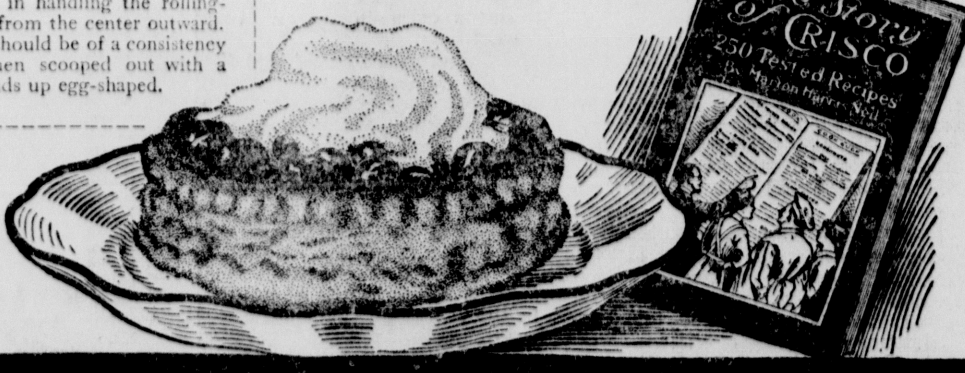

1 1/2 cups flour
1 teaspoonful salt
1/2 cup Crisco
4 tablespoonfuls cold water

Sift the flour and salt and cut the Crisco into the flour with two knives until it is finely divided. Then add the water sparingly, mixing it with a knife through the dry materials. Form into a dough, roll out about 1/4 inch thick, on a floured board. Use a light motion in handling the rolling-pin, and roll from the center outward. The Crisco should be of a consistency such that when scooped out with a spoon it rounds up egg-shaped.

Free Cook Book

This new book by Marion Harris Neil, Cookery Editor, Ladies' Home Journal, gives 250 original recipes, is attractively illustrated, and tells many interesting and valuable facts about cooking and food products. It also tells the interesting story of Crisco's discovery and manufacture. It is free. There is also a quality edition of this book (regular price 25c) containing a total of 615 Neil Recipes and a Calendar of Dinners—365 menus of original and tasty meals. This book is bound in blue and gold cloth and is sent for five 2-cent stamps to those answering this advertisement. In writing for either, address

Department 100,

ROUND TABLE CLUB

Deep Questions Discussed in Two Hours' Discussion of Men's Club

The regular monthly meeting of the Round Table in Philosophy was held last evening at the office of Frederick H. Eley, with all but two of the thirteen members present. Three topics were discussed: 1—Emerson's Law of Compensation, its validity and extent. 2—Is there an Absolute Ethics, or is it a matter of geography and chronology? 3—Is it possible to frame a psychological statement of the relation between God and the individual consciousness? If we accept Dr. Lyman Abbott's definition of religion as "the life of God in the soul of man," how are we to conceive the relation, and where are we to draw a line in a psychological analysis?

These questions brought out a very animated discussion for two hours. How wide an application are we to give to the law of compensation? Is there a balance or equivalence in human lot, so that at the end of life in this world there is a general average of pain and pleasure, opportunity and handicap, as Emerson seemed to think? Must we not take a more comprehensive view of a process that goes far beyond the limited span of this life, implying some culmination in which compensation shall be realized by a sharing in the result vicariously achieved?

The second topic was introduced by the question whether a savage whose ethical code justifies "head-hunting" is doing right when he kills a man. He is acting in accordance with his highest light. Is ethics, therefore, a matter of geography and chronology? If not, what is there back of it and can it be made an absolute standard?

In the third question, it was conceded that the difficulty lay in steering between the Scylla of pantheism, on the one hand, and the Charybdis of an externally related God, on the other. What is desired, if possible, is to conceive of a vital relationship, which shall not sacrifice real initiative and freedom of the human mind. Do we know God as a result of inference as we know each other, or by a connection more immediate and vital as suggested by Fechner's analogy that the individual soul is related to God in some such way as our separate mental states are related to our total selves?

Banquet for Losers

As the result of a calling contest that was held by the ladies of the First Congregational church, an elaborate banquet was enjoyed today at noon in the Congregational dining room, the hostesses being the losers in the contest.

The banquet was served in four courses and fifteen ladies were in charge, with Mrs. A. J. Crookshank directing. Scotch brown was used in decorations and brass candlesticks held the candles used for illumination. The yellow color scheme was preserved throughout the menu and the tables were beautifully appointed. Covers were laid for seventy people, including many of the husbands engaged in the contest.

WOMAN'S CLUB MEETING

New Officers Elected for Year; Mrs. Uttley Declined Re-election

The Woman's Club met at Mrs. B. Uttley's yesterday afternoon. After roll call, which was responded to with Spanish geographical names, an innovation that was greatly enjoyed, the following officers were elected: President, Mrs. Christina Young; vice-president, Mrs. C. F. Crose; recording secretary, Mrs. J. B. Rowland; corresponding secretary, Mrs. Flora M. Pyle; treasurer, Mrs. Lillian Akin; parliamentarian, Mrs. F. A. Marks; press correspondent, M. E. Shaw.

The retiring president, Mrs. Uttley, gave a beautiful white rose to each of the new officers as she was elected. Mrs. Anna Gale, as delegate to the recent Placencia Federation of Orange County Women's Clubs meeting, gave a fine report of the meeting.

The retiring president, Mrs. Uttley, who has most efficiently and faithfully served the club, declined a re-election, but invited the club to meet with her the next time, May 5. Each one is invited to bring a recipe, as the subject is household economics. A parliamentary drill will also be conducted by Mrs. Marks.

Household Economics

The first Household Economics section of the Ebell will meet on Friday afternoon at the home of Mrs. L. J. Carden. Mrs. Carden and Miss Boyd will be hostesses, and the subject will be "The Laundry."

At the Van Wyk Home

The Young Woman's Missionary Society of the First Methodist church met on Monday afternoon at the home of Mrs. J. J. Van Wyk, 1109 French street. A most interesting feature of the meeting was a talk given by Mrs. Hooker of Los Angeles on the work of the Missions.

The talk was especially inspiring as the meeting was for the annual thank offering of the society. A generous amount was given by the young women.

Music and conversation, more particularly on the topic of the day, followed the address of Mrs. Hooker. Mrs. Van Wyk served light refreshments at the close of the afternoon.

Musical Afternoon

Really, the ladies of the Third Section of Ebell Household Economics will not indulge in a musical program at their meeting that will be held Friday afternoon with Mrs. G. P. Dobson, 515 Cal. Chestnut street, but each one of them is asked to wear something representing a musical number. Considerable ingenuity will doubtless be displayed in meeting this requirement.

Boys Enjoyed Plunge

Last night, under the chaperonage of Mr. D. G. Cole, twenty-six boys of the Congregational Church Boys' Brotherhood enjoyed a swim in the plunge of the Santa Ana bath house. Several nights during the winter the plunge is rented to the boys and they avail themselves to the fullest extent to have a lot of wholesome fun. Last night diving, swimming races, unlooked for "duckings" and other aquatic tricks were the cause of much laughter and shouting. The evening was voted a tremendous success by all the youngsters.

Woman's Committee

The Woman's Committee will meet at the home of Mrs. Annie McGaffey, 1120 West Pine street, Thursday, April 23, at 2:30 p. m. The subject for discussion will be "What Are You Going to do in the Campaign?" Visitors are cordially invited to attend this meeting.

Past Matrons Met

One of the most pleasant of recent meetings held by the ladies of the Past Matrons' Association, O.E.S., was held yesterday afternoon at the home of Mrs. W. S. Peek, 711 East Third street. Roses were used in such abundance over the house as to make it appear almost a bower of roses. Yellow roses were used on the upper floor, while the same lovely flowers in pink were employed in the decorations of the dining room where a delicious collation was served by the hostess, assisted by Mrs. Arnold Peek.

The afternoon was a purely social one, the ladies having their needlework with which to busy fair fingers while topics of the day formed themes for conversation. The members

Vandermaast & Son

CURIOUS BREADS.

Made in Chains in the Balkans and Laundered in China.

Bread is made in different shapes and in different ways, according to the taste of the various nationalities. Mr. L. Lodian in Forest and Stream says:

"The bread of the Balkans, curiously made in the form of chains, is sold from the arms and necks of itinerant peddlers. In tent life in Balkania the detached links are often used for fun at quots or serve a more useful purpose in suspending temporary curtains and awnings. Then when the campers run out of provisions they literally eat their curtain rings! The Japanese bamboo bread, so named from its shape, is a somewhat similar product. It is sliced and sold in strings.

"The sun dried bread sheeting of central Asia looks much like chamois leather and is made up in pieces of bed sheet size. It is compounded from flour and raisin sirup and is highly esteemed by coffee drinkers. In the bazaars of the caliphates it is frequently seen hanging in place of awnings to shield the stalls from the sun.

"One of the strangest crackers comes from Russia. It is known as fit the month begl and, besides being much appreciated as a tea biscuit, is quite commonly used by merchants ignorant of the three R's as a makeshift abacus in counting money, a lower string of ten serving for kopecks and an upper string of the same number representing rubles. More picturesque still is its use as an extemporized ring for carrying poor peasants with whom he gold is lacking.

"Most singular of all, however, is the acicular pith bread of China, which, instead of being baked, is laundered out in narrow strips with a hot iron, much in the manner that a collar receives its finishing. It is made from the central tissue of the fatsia trees and is valued highly by the citizens of the flowery republic as a dainty cracker to eat with their little cups of watery, unsweetened tea."

TORPOR OF THE TURK.

Shown in a Quaint Reason For Not Delivering a Message.

An interview in the New York Sun between one of its reporters and Mr. Bedros Keljik bears humorously on the Turkish situation and seems to indicate that what is needed is not increased political activity, but more attention to business. As an illustration of the everyday torpor of one of the experiences of Dr. Riza Tewfik, member of parliament for Adrianople, with a Turkish official may be cited.

Dr. Tewfik was visiting a friend at Kade Kony, across the Bosphorus. About 10 o'clock at night he heard the watchman call, "Yaglin var, Galatada yaglin var!" ("There is fire, there is fire in Galata"), the usual alarm given when fire breaks out in any quarter.

It happened that Dr. Tewfik's own home was in Galata, and he rushed to the nearest telegraph office to inquire concerning the safety of his family. He received no answer to his telegram and his fears were roused. But as no boats cross the Bosphorus at night he was obliged to wait till morning.

He got home at last to find everything safe. When he asked why his family had not answered the telegram he was told that they had not received any. So Dr. Tewfik went to the telegraph office and demanded an explanation.

One Osman Agha, to whom Dr. Tewfik's telegram had been given for delivery, was called.

"Where is the effendi's telegram?" Osman Agha fumbled in his pockets and drew forth the message.

"Why did you not deliver it?" demanded Dr. Tewfik angrily.

"Oh, effendi," answered the imperturbable Osman Agha, who had evidently perused the telegram to his own satisfaction, "it was needless, I knew that your house was not on fire."

Suspicious of Bankers.

In a remote farming district in which I once passed a few days I was told of a wealthy farmer whose friends, fearing he would be murdered, succeeded after an infinity of trouble in persuading him to take his money to a bank. When he interviewed the manager he asked how much the bank would charge for taking care of his cash. The manager replied that it would charge nothing, but would pay him something. "I always knew you were rascals!" he retorted, and marched off, money and all.—London City.

AINSWORTH YARDS ARE CHANGING HANDS

Orange News: Announcement was made today that the plant and business of the Ainsworth Lumber Company, a pioneer local concern, had been sold to the Skidmore Lumber Company, which is to take over the business May 1.

The management of the Ainsworth Lumber Company, which vested in F. L. and M. O. Ainsworth, has shown such aggressive spirit that the company has kept pace with the advance of the city through many years and retains the present equipment that has been surpassed by none in Southern California. At the same time the members of the firm have been in the front of every public movement and have earned an enviable reputation for public spirit. The company's business has been highly successful and has been characterized by scrupulous honesty and good service.

Both members of the firm have announced their determination to remain in Orange. The new management will retain the present force employed in the mill and yard. Mr. Skidmore, the manager, will move his family to the Skidmore Apartments soon.

Starting from a two-man concern twelve years ago, the Ainsworth company employed from fifteen to twenty men up to the time of selling out. Its development has been one of the best evidences of the advance of the community. The building activities in Orange and this district have during the past year attracted general attention throughout the south, and numerous lumber interests have looked longingly in this direction.

NOTICE

The gas company will give a demonstration of the natural gas at its office, Thursday and Friday evenings from 7 to 9 o'clock, so that its patrons may learn how to use the gas economically and to adjust their ranges to the new gas. We would advise all who can to come. SOUTHERN COUNTIES GAS CO. F. Champion, District Agent.

ANAHEIM

COOK CHOSEN BOARD'S HEAD

Prompt Action by Woman Saved Lives of Family in Fire

ANAHEIM, April 22.—John H. Cook was unanimously chosen president of the board of trustees last evening. George W. Hamler, John H. Brunworth and Julius J. Schneider were officially named as members of the board with Edward B. Merritt and Edgar J. Hartung as city clerk and treasurer, respectively. Cook is one of the holdovers.

Fire, originating from an unknown source, completely destroyed the home of Jacob Fedder on South Kroeger street at an early hour yesterday morning. Only prompt action on the part of Mrs. Fedder saved the lives of the family, who were still asleep. It appears that Mrs. Fedder had been up some time and after building the fire in the stove had gone out to milk the cow. Glancing backward toward the house, she discovered it to be in flames. She barely had time to awaken her husband and children and get them, scantily clad, out into the open, before the building collapsed.

Under the direction of C. E. Chamberlain the paving of the county road west of Anaheim is progressing rapidly. A carload of cement was received during the week and Chamberlain expects to complete the work and have the road open at an early date. The city will commence paving Lincoln avenue, which immediately adjoins the county road.

Construction work was commenced early last week on the western extremity of the county road, on what is known as grand avenue, which extends straight north through Buena Park to Northam.

The World Is One Great Eye

We trust the eye more than any other of the senses. The saying is, "Seeing is Believing!"

You may have a spotless character and exceptional ability, but if you do not look the part, the chance to show your real worth may not be given you.

Just or unjust, it is true. Your problem is not, "Can I afford to be well dressed?" but rather, "Can I afford not to be well dressed?"

For a very little more than you would risk on unknown, undependable clothing, you can possess a suit of genuine Hickey-Freeman-Quality.

In this splendid clothing, more trained thought is given to the designing and more expert workmanship is put into the tailoring than goes into nineteen out of twenty custom tailored suits.

Hickey-Freeman-Quality gives you the custom tailored feeling and the custom tailored look, without the custom tailor's price.

COAL OIL STOVE CAUSE OF A FIRE

ANAHEIM, April 22.—This morning at 9:30 o'clock fire destroyed a small house near the Santa Fe depot. The fire started from a coal oil stove. Mrs. Williams, who lived there, had gone to work at the Anaheim laundry, leaving her two children, aged 11 and 5, at home. The children escaped injury. A collection is being taken for the benefit of the family, and about \$50 has been raised.

Check Your April Cough
Thawing frost and April rains chill you to the very marrow, you catch cold—Head and lungs stuffed. You are feverish—Cough continually and feel miserable. You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, your head clears up, fever leaves, and you feel fine. Mr. J. T. Davis, of Stickney Corner, Mo., was cured of a dreadful cough after doctor's treatment and all other remedies failed. Better or money back. Pleasant—Children like it. Get a bottle today. See and \$1.00 for your druggist. Buckler's Africa Salve for All Sores.—Advertisement.

GET BIDS FOR MILE OF ROAD

Three Contractors Put in Figures for McPherson-El Modena Strip

Yesterday the Board of Supervisors received three bids for the construction of a mile of paved road between McPherson and El Modena. The bids were: W. S. Martin, \$5000; D. & C. Construction Co., \$6,999.33; Mercereau Bridge & Construction Co., \$7272. These bids were taken under advisement until April 28. This is a road to be built by the county independent of the County Highway Commission's plans, and is a part of the road to be paved to the County Park.

To Build Approaches
On the request of the County Highway Commission May 6 was set as the date for receiving bids for the construction of dirt approaches to the Talbert bridge.

Ford Gets It
The County Highway Commission reported that of the bids received for building Section 1 of the Santa Ana-Newport Beach road, Oscar Ford's bid was the lowest, and the contract was awarded to him at \$39,821.31. Ford is mayor of Riverside. He built the Sevierville Canyon road.

Wider Opening
By resolution the board changed the plans for the bridge across the mouth of Anaheim Bay. An opening for the passage of boats will be sixty feet in width instead of forty feet. Petitions have been presented in an effort to get the county to build the bridge south of the P. E. bridge instead of north of it. The supervisors want the bridge to remain where it is proposed by the county since it will then join the county road at both ends. A switch to the south side would necessitate crossing the railroad.

Other Matters
The hearing of the A. H. Lyon petition was continued to May 6. A license to do fumigating and spraying was issued to C. E. McFadden of Placentia and for spraying to Morgan Morago of Whittier.

IN THE JUSTICE COURT

SHORT WEIGHT MEAT IS SOLD

This Charge Against Three Men Accused of Defrauding Housewives

James C. Thorpe, Charles H. Peterson and William Meyers, arrested on complaint of County Sealer George McPhee, pleaded not guilty to selling short weight meat, and their trials were set for April 28. In default of \$250 bail each, the three men went to jail. These men were peddling small shoulders around town. McPhee learned that they sold one to Mrs. G. W. Weisbrod as a six-pound ham when it weighed little over four pounds.

The investigations of County Sealer McPhee and City Marshal Jernigan show to their satisfaction that the visitors were working a fraud upon the housewives.

To begin with, the meats offered for sale were not hams, but were shoulders. Ham sells for thirty cents a pound and shoulders for fourteen cents in the local markets. The enterprising visitors represented the article to be ham, and sold it for twenty-two cents.

The shoulders were shipped here

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric acid clouds, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

in bulk by express. A few shoulders at a time were loaded on a wagon and peddled. The salesmen represented that they were ranchers living near Santa Ana, and that they had raised the hogs, killed the pigs and cured the hams. They said the meat was sugar cured. To make the story look real, they said that they had had a contract with a Santa Ana restaurant, but the restaurant threw them down, and since the restaurant refused to take the meat, they were selling it around town at twenty-two cents a pound.

The peddlers had a pair of scales on which they weighed the meat. The officers are satisfied that the scale is a short weight scale. However, the peddlers managed to hide it, and it cannot be tested. McPhee has weighed two shoulders, sold by the peddlers, and in each instance it was far short of the weight quoted by the peddlers.

AT THE COURTHOUSE

IS SUING FOR A COMMISSION

Plaintiff Alleges It Sold Stock for J. M. Estes—Wants \$750

James R. H. Wagner Co. is plaintiff in an action brought against J. M. Estes for \$750. The complaint alleges that on March 1, 1914, Estes gave the plaintiff a contract to sell stock worth \$15,000 at five per cent commission. It is set forth that the sale was made and that Estes has not paid the commission, \$750. In connection with the case 3 1/2 acres of land in Stanislaus county has been attached. Andrews, Torval & Andrews of Los Angeles are attorneys for the plaintiff.

W. S. Hall Estate
Susan F. Hall has applied for letters of administration upon the estate of her husband, William S. Hall, who died on April 9. The estate consists of the property at 719 Mortimer street, worth \$5000, a \$10,000 interest in 255 acres of land in San Luis Obispo county and other property; total, \$15,800. W. F. Heathman is attorney for the estate. The heirs are the widow and Myrtle H. Dunstan and Mary E. Hall of Santa Ana, and C. P. Hall of Yonkers, N. Y.

To Sell Property
The First Baptist church of Garden Grove, through its trustees, Dr. C. C. Violet, J. A. Knapp and M. B. Allen, has petitioned the court for a permit to sell lots at Garden Grove, West, Koepsel & Eden are attorneys for the petitioner.

Asking for Order
W. M. Scott as administrator of the estate of Mary A. Scott is asking the court to grant an order of sale of property at Newport Beach. The estate is appraised at \$1680.

Marriage License
William M. Kays, 42, of Santa Ana, and Hazel A. Kenyon, 25, of Tama, Ia.

UNITARIAN SUPPER

When the Lincoln-Douglas Debates Were in Full Swing

—STEIN-BLOCH SMART CLOTHES were first made in Rochester, N. Y.

—through the trying times of Civil War;
—through the period of Reorganization;
—through the days of the Gold and Silver agitation.

STEIN-BLOCH SMART CLOTHES
for Men and Young Men

have kept pace with the growth of the nation.

Each year adding to their favorable reputation.

Each year more firmly implanted in the hearts of America's red-blooded men.

And today!

America's Best Clothes in 1914,

Just as they were in 1855.

Stein-Bloch Suits, \$20 up

Hill, Carden & Co.

112 WEST FOURTH STREET

Are You Ready for 1915?

There's going to be a tremendous demand for fancy fresh ranch eggs and market poultry next year. If you want to get your share of the business you must PREPARE NOW, and while you're at it GET THE BEST. In order to pay the biggest profit your flock must produce the greatest value at the least cost. With this in mind we have tried many different varieties and strains of poultry, keeping only those which made good.

FOR THE EGG BASKET we can most heartily recommend OUR HOUDANS and WHITE FACED BLACK SPANISH, and we honestly believe that in the production of large white eggs at a minimum cost THEY HAVE NO EQUAL IN POULTRYDOM.

FOR THE TABLE we recommend OUR CORNISH INDIAN GAMES and PARTRIDGE PLYMOUTH ROCKS. They possess all the qualities of a PERFECT TABLE FOWL, and they are easy to raise and develop remarkably fast. The flesh is very fine grained, juicy and has a delicate flavor. We have placed our prices within reach of all, and for the remainder of the season we will sell eggs for hatching from our choice matings at 10c each.

Don't Forget the Children

Get them a few well bred Bantams and Pigeons or a pair or two of Canaries. It will keep them off the streets and out of idleness. It gives them experience in management and a sense of responsibility for those under their care. They'll be better men and women for having had the pets. We can supply you with stock or eggs at a moderate cost. Call or write

B. F. KUECHEL, Orange, Cal.

That Swagger Coat

of which you were so proud until it became soiled or spotted need not be discarded. Send it here and by our dry cleaning and pressing we will convert it into a practically new coat.

No odor of gasoline if we do your cleaning.

SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, APRIL 22, 1914

THE FIVE FLAGSHIPS OF THE GREAT ATLANTIC FLEET ORDERED TO MEXICO, AND THEIR ADMIRALS

NATURAL GAS IS BEING BURNED HERE

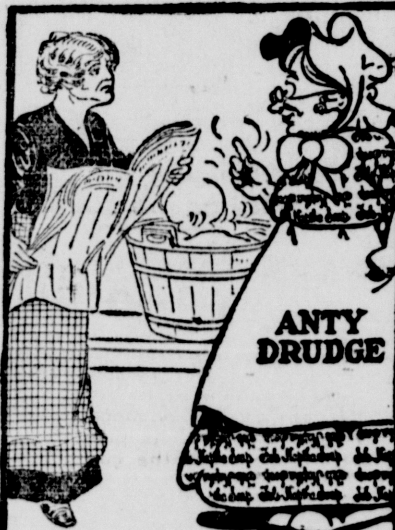

Stoves Will Have to Be Properly
Adjusted to Get the
Best Results

Santa Ana housewives cooked the evening meal yesterday and breakfast today with natural gas, and the product is being served at seventy-five cents per 1000 cubic feet, a reduction from \$1.

Natural gas is quite a different thing from the manufactured article, and stoves will have to be adjusted to it. A force of men employed by the Southern Counties Gas Co. is at work today going from house to house. At each place the gas is set to burning and burners adjusted by the gas men.

Unless properly adjusted the natural gas will smoke and it will give out less heat than the artificial stuff. When the adjustment of a stove is made, the gas will give out nearly double the heat hitherto coming from the same burner.

Santa Ana, Orange, Anaheim and Fullerton are all using natural gas. Hitherto these places have been served with gas from the Santa Ana plant of the Southern Counties Gas Co. The rate in each of the places is now seventy-five cents per 1000 cubic feet.

ANTY DRUDGE

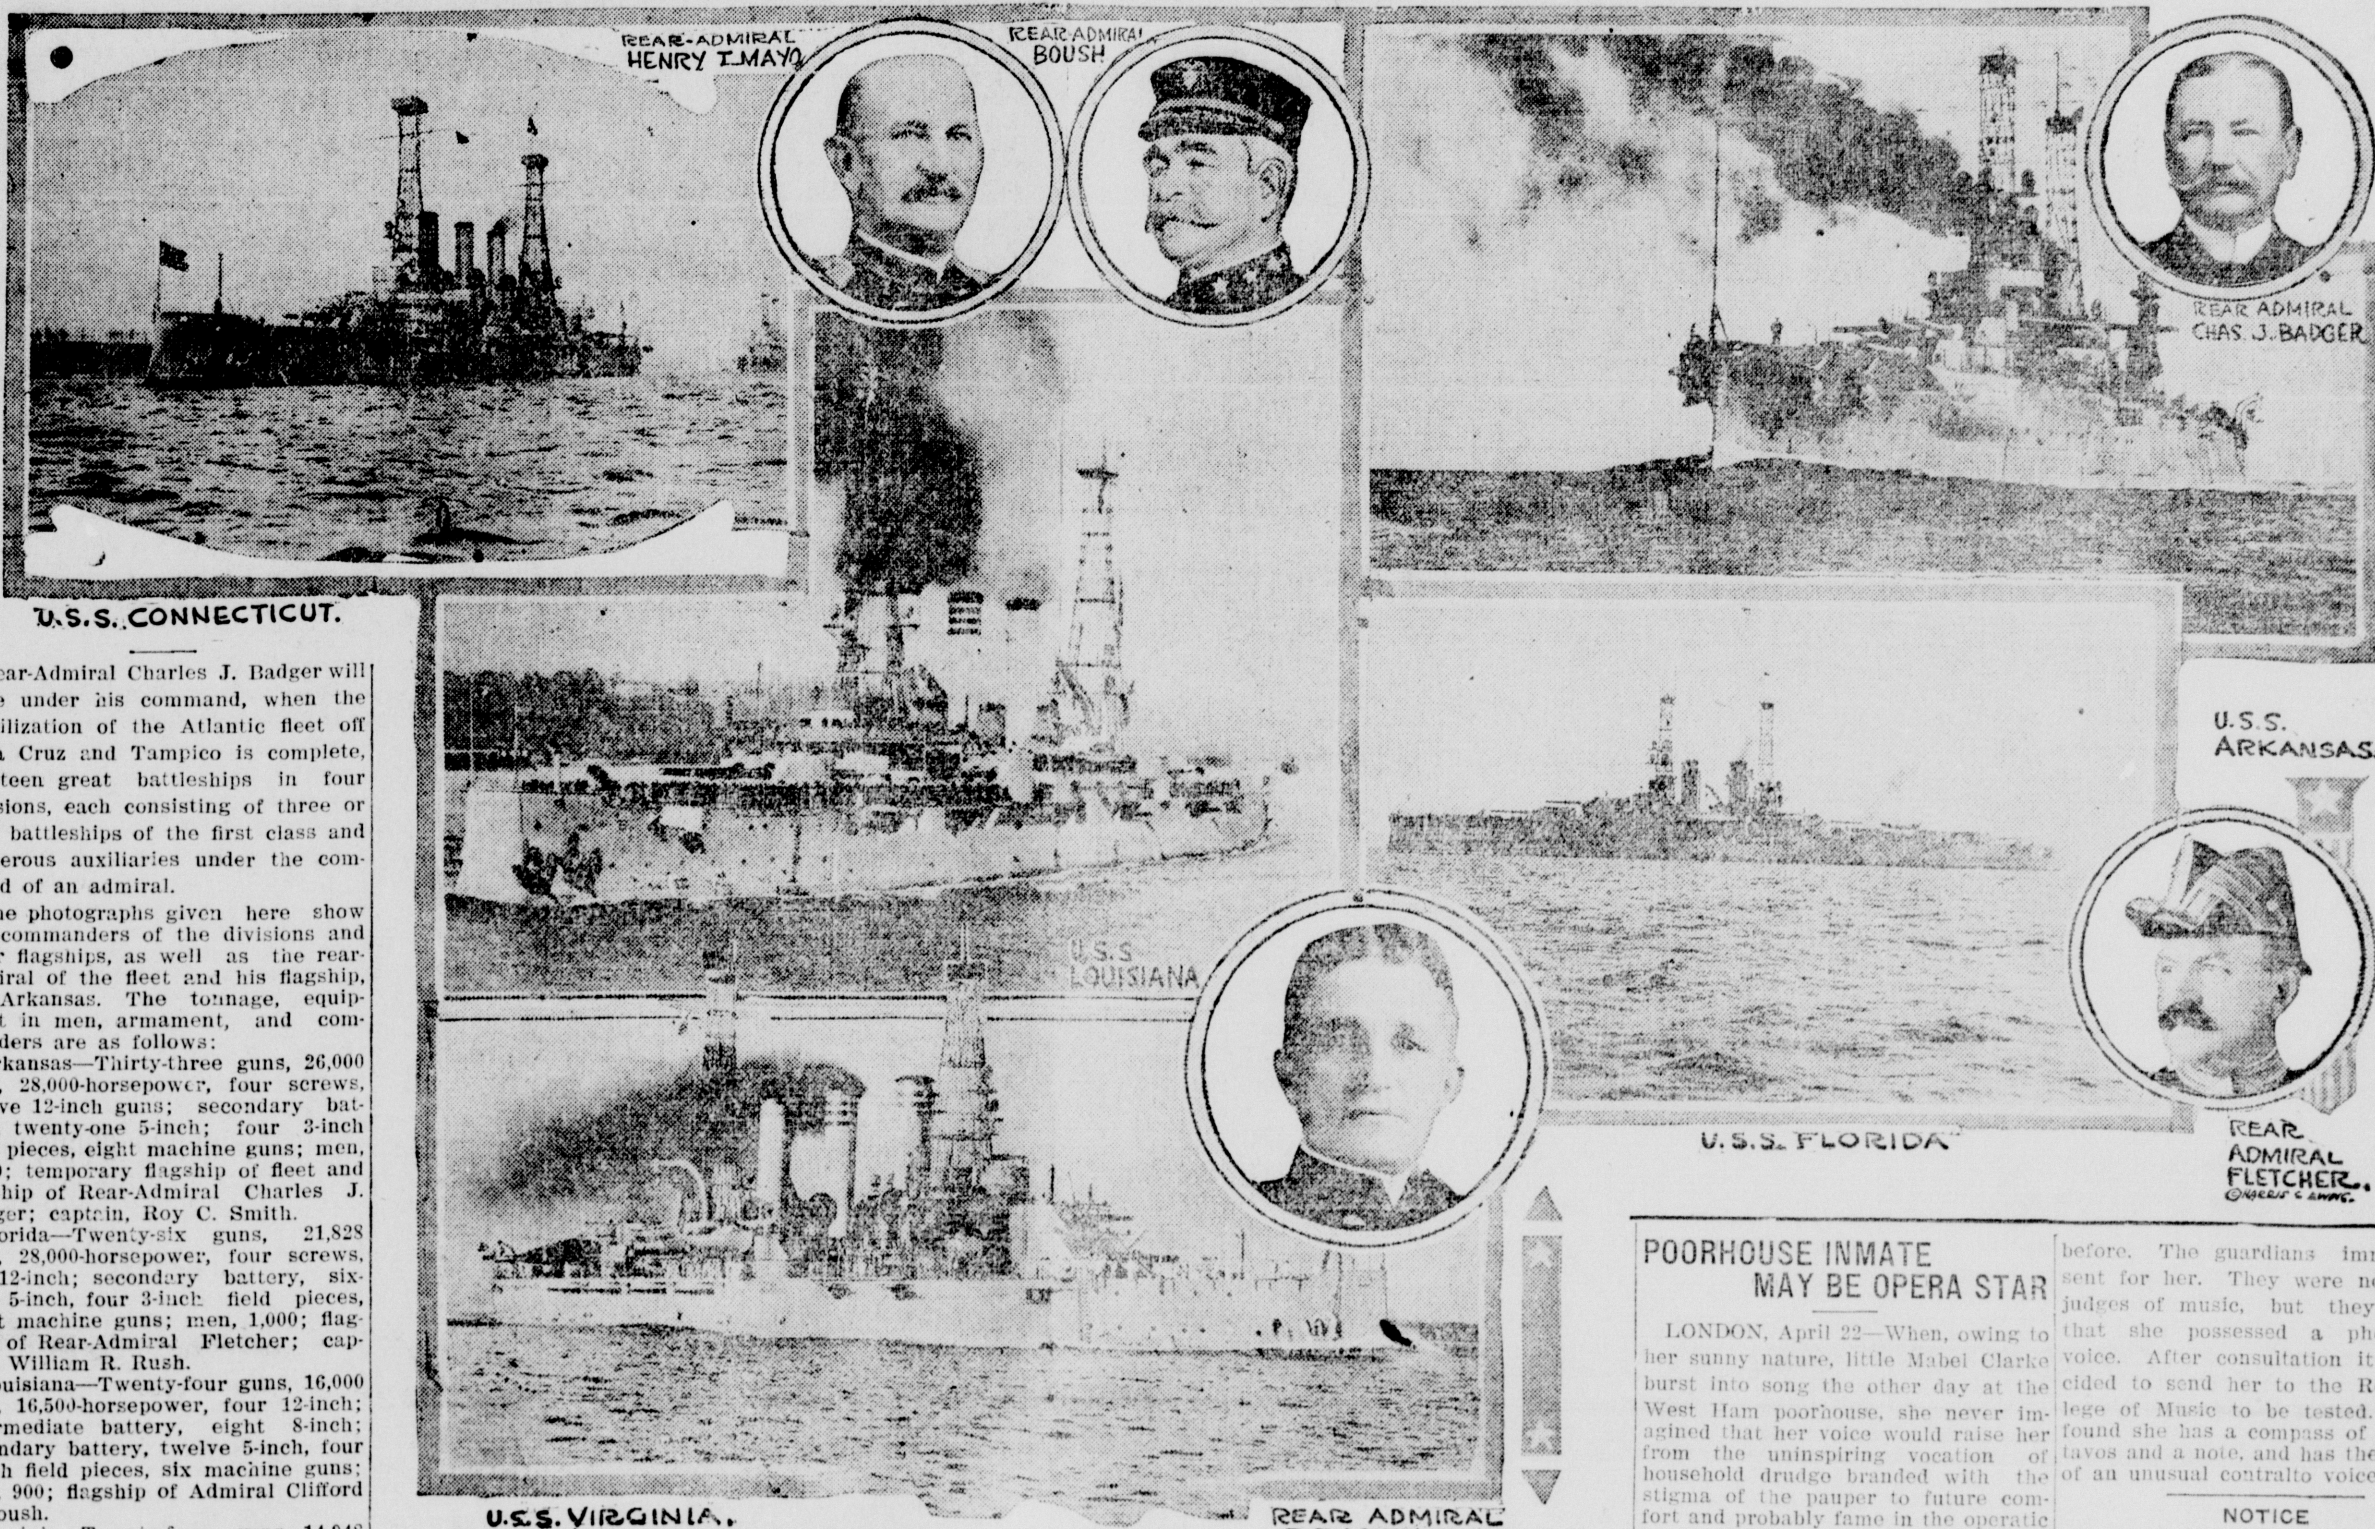

Mrs. Alwaysworking—"Here's a quotation: 'Life, however short, is made still shorter by waste of time.' Some man said that, you bet. I'd like to see the woman that has any time to waste. It's all work in my life."

Anty Drudge—"It wouldn't be all work if you'd use Fels-Naptha Soap. You are wasting your time and your strength as well. I always have a box of Fels-Naptha Soap in my house and use it for everything."

Do your work the Fels-Naptha way. It is easy, quick and thorough. Use Fels-Naptha Soap in cool or lukewarm water and you will find hard rubbing or scrubbing unnecessary because Fels-Naptha does the hard part of your work for you. Your weekly wash will be on the line in one-half the time it used to take; your clothes will be sweet, clean and white.

For everything about the house use Fels-Naptha Soap.

Buy it by the box or carton and follow the easy directions on the Red and Green Wrapper.

U.S.S. CONNECTICUT.

Rear Admiral Charles J. Badger will have under his command, when the mobilization of the Atlantic fleet off Vera Cruz and Tampico is complete, nineteen great battleships in four divisions, each consisting of three or four battleships of the first class and numerous auxiliaries under the command of an admiral.

The photographs given here show the commanders of the divisions and their flagships, as well as the rear admiral of the fleet and his flagship, the Arkansas. The tonnage, equipment in men, armament, and commanders are as follows:

Arkansas—Thirty-three guns, 26,000 tons, 28,000-horsepower, four screws, twelve 12-inch guns; secondary battery, twenty-one 5-inch; four 3-inch field pieces, eight machine guns; men, 1,100; temporary flagship of fleet and flagship of Rear Admiral Charles J. Badger; captain, Roy C. Smith.

Florida—Twenty-six guns, 21,828 tons, 28,000-horsepower, four screws, ten 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, eight machine guns; men, 1,000; flagship of Rear Admiral Clifford J. Boush.

Louisiana—Twenty-four guns, 16,000 tons, 16,500-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, twelve 5-inch, four 3-inch field pieces, six machine guns; men, 900; flagship of Admiral Clifford J. Boush.

Virginia—Twenty-four guns, 14,948 tons, 19,000-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, twelve 5-inch; four 3-inch field pieces, six machine guns; men, 900; flagship of Admiral Frank A. Batty; captain, John C. Leonard.

Connecticut—Twenty-four guns, 16,000 tons, 16,500-horsepower, four 12-inch; intermediate battery, eight 8-inch, four 3-inch field pieces; secondary battery, twelve 5-inch, six machine guns; men, 900; flagship of Rear Admiral Henry T. Mayo; captain, John J. Knapp.

Utah—Twenty-six guns, 21,820 tons, 28,000-horsepower; ten 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, eight machine guns; captain, John H. Gibbons; men, 950.

Michigan—Twenty-four guns, 16,000 tons, 16,000-horsepower, eight 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, six machine guns; men, 850; captain, Albert P. Niblack.

New Hampshire—Twenty-four guns, 16,000 tons, 16,500-horsepower, eight 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, six machine guns; men, 850; captain, Edwin A. Anderson.

Wyoming—Thirty-three guns, 26,000 tons, 28,000-horsepower, twelve 12-inch; secondary battery, twenty-one 5-inch, four 3-inch field pieces, eight machine guns; men, 1,000; captain, James H. Glennon.

Delaware—Twenty-four guns, 20,300 tons, 25,000-horsepower, ten 12-inch secondary battery, fourteen 5-inch, four 3-inch field pieces, eight machine guns; men, 1,000; captain, William L. Rodgers.

North Dakota—Twenty-four guns, 20,000 tons, 25,000-horsepower, ten 12-inch; secondary battery, fourteen 5-inch, four 3-inch field pieces, eight machine guns; men, 950; captain, Charles P. Plunkett.

Vermont—Twenty-four guns, 16,000 tons, 16,500-horsepower, eight 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, George W. Kline.

South Carolina—Twenty-four guns, 16,000 tons, 16,000-horsepower, eight 12-inch; secondary battery, sixteen 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, Robert L. Russell.

Georgia—Twenty-four guns, 14,948 tons, 19,000-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, twelve 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, Robert E. Coontz.

Nebraska—Twenty-four guns, 14,948 tons, 19,000-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, twelve 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, George R. Evans.

New Jersey—Twenty-four guns, 14,948 tons, 19,000-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, twelve 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, Joseph L. Jayne.

Rhode Island—Twenty-four guns, 14,948 tons, 19,000-horsepower, four 12-inch; intermediate battery, eight 8-inch, four 3-inch field pieces, six machine guns; secondary battery, twelve 5-inch guns; men, 800; captain, Clarence S. Williams.

Kansas—Twenty-four guns, 16,000 tons, 16,500-horsepower, four 12-inch;

intermediate battery, eight 8-inch; secondary battery, twelve 5-inch, four 3-inch field pieces, six machine guns; men, 800; captain, William B. Fletcher.

Minnesota—Twenty guns, 16,000 tons, 16,000-horsepower, four 12-inch; intermediate battery, eight 8-inch; secondary battery, eight 5-inch, four 3-inch field guns, six machine guns; men, 800; captain, Edward Simpson.

POORHOUSE INMATE MAY BE OPERA STAR

LONDON, April 22—When, owing to her sunny nature, little Mabel Clarke burst into song the other day at the West Ham poorhouse, she never imagined that her voice would raise her from the uninspiring vocation of household drudge branded with the stigma of the pauper to future comfort and probably fame in the operatic world. Mabel is just 14. Her parents died recently, leaving her homeless and penniless. She was taken in charge by the West Ham Board of Guardians. As usual with girls of her class she was put on housework with a view to training her as a domestic servant. Shortly afterwards some of the guardians while visiting the infirmary heard her singing. The dingy walls had never echoed such melody before. The guardians immediately sent for her. They were not expert judges of music, but they realized that she possessed a phenomenal voice. After consultation it was decided to send her to the Royal College of Music to be tested. It was found she has a compass of three octaves and a note, and has the makings of an unusual contralto voice.

NOTICE
The gas company will give a demonstration of the natural gas at its office, Thursday and Friday evenings from 7 to 9 o'clock, so that its patrons may learn how to use the gas economically and to adjust their ranges to the new gas. We would advise all who can to come.

This big Daylight Millinery Department offers exceptional values. The reason is we are away from the high rent zone. With very small rent we can offer special inducements to the purchasing public.

Crookshank-Beatty Company

Lumbago-Sciatica Sprains

"The directions says, its good for lumbago too,—Sloan's cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.

"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all kinds of dope without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Whittier, Calif.

Instant Relief from Sciatica

"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—H. H. Huchins, Frankfort, Ky.

Sprained Ankle

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other fellows in my department. I have never been without a bottle since that time."—Mr. William L. Brookes, Central Islip, N. Y.

SLOAN'S LINIMENT

California Raisin Day April 30 Eat Raisins

L. H. HILL

NOTICE FAR AHEAD OF TIME HE QUILTS

L. H. Hill, superintendent of the Detention Home, is going to resign. It is not one of those resignations that take effect the first of the month—at least not the first of next month. It is a resignation to take effect the first of the year. At the time that some of the present county officers begin new terms, and some new county officers take hold of their new jobs, Hill will be quitting the superintendency of the Detention Home. Hill has given notice to that effect to J. A. Cranston, a member of the Juvenile Court Committee. It is stated that the health of Mrs. Hill, who is matron at the Home, has been poor, and Mr. and Mrs. Hill have decided to leave the work. Notice of their intention to go being given far in advance that there may be plenty of time in which to select successors. In that regard, the superintendent and matron have certainly been liberal, as this is April and they propose to have their resignations take effect over eight months hence. Those who are familiar with the work of caring for juvenile delinquents and dependents all praise the superintendent and matron. Their care of the children at the Home has been unceasing, kindly and efficient.

NURSES OUGHT TO REGISTER AT ONCE

To Nurses:—The board of directors of the California State Nurses Association wish to remind the nurses of the state that the time of waiver for registration of nurses in this state closes July 1, 1914.

The time between the date the registration bill went into effect and July 1, 1914, was allowed for nurses who wish to register without examination. After July 1, 1914, those registering will be required to take examination under the direction of the bureau of registration of the California State Board of Health.

What registration means to the nurses is demonstrated by the fact that thirty-five states have registration for nurses and there are many more states working to get bills passed by the legislature. If we would keep up with the advantages and opportunities offered us in the nursing world we must be "Registered Nurses."—R. N.

Registration has been obtained in every instance by the co-operation of nurses through their organizations. It is now necessary to protect all legislative measures pertaining to nurses and this can only be done by the unified and continuous efforts of a large and active number of nurses. Therefore, we take pleasure in reminding the nurses of this responsibility and opportunity to register now. Send at once for application blanks to Miss Anna C. Jamme, director of Bureau of Registration, California State Board of Health, Sacramento, California.

LAURA L. MITCHELL, President California State Nurses Association. MRS. B. TAYLOR, Secretary, 125 Ramsell St.

LOS ANGELES PRODUCE MARKET

Cherry arrivals have already become commonplace and prices are getting low on the stock coming in from the Courtland and Vacaville districts. Yesterday the cherries sold down to 25 cents a pound. They are more appealing to the eye than the palate as yet. Raspberries held up well on light arrivals and brought 5 cents a basket on good stock. Blackberries averaged a little better than 10 cents a basket while strawberries sold up to 5 cents, although the average was lower. Logans are going up on good stock, which was quoted at 8 cents yesterday. Grapefruit is very firm and bringing \$2.50 on good packed seedless stock. Tangerines are higher and limes have also advanced on the citrus list. Apples are moving at the old figures. Receipts of apples totaled 719 boxes.

White asparagus is practically cleaned up and the green is selling around 6 cents per pound on anything that looks like fair quality. String beans are selling anywhere from 4 to 9 cents, according to variety and quality. Peas are also plentiful. Green top celery is bringing 65 cents a dozen and golden top is worth \$1.50. New summer squash are arriving and sell at \$1.50 per crate. Tomato shipments are too light to cause any influence on the market at \$2.25 per crate. Imperial Valley tomatoes are expected in a few days, which may help to bring a reduction.

The price on eggs was down 1 cent yesterday on a lower northern market, receipts of Petaluma and eastern eggs in addition to a fair supply of locals.

NOTICE TO CREDITORS

Estate of William H. Hendling, deceased. Notice is hereby given by the undersigned, Executor of the Estate of William H. Hendling, deceased, to the creditors of the said deceased, to exhibit the same, with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 17th day of April, 1914), to the said executor of said estate at her residence at No. 106 South Broadway, in the city of Santa Ana, Orange County, California, which is hereby designated as the place for the transaction of the business of said estate in the county of Orange.

Dated this 17th day of April, A. D. 1914.
FLORA E. HENDLING LOCKER,
Executor of the Estate of William H. Hendling, deceased.

Mulford & Dryer, Attorneys for Estate.

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in June, 1915, must register in the county of Orange for the primary election on July 25, 1914, and for the general election on October 4, 1914.

W. B. WILLIAMS,
County Clerk

CRUSHED UNDER WHEELS OF WAGON

Oscar Nooner Killed Near Old
San Joaquin Ranch House
Yesterday

A FARM LABORER
HERE SEVERAL YEARS

Jolt from Deep Rut Threw Him
from Seat and Death
Followed

The life was crushed out of Oscar Nooner yesterday by the wheels of a wagon he was driving. The right front wheel of his wagon went into a deep rut. Nooner was thrown from his seat, and the two right wheels of the wagon passed over his chest. Death was instantaneous.

Nooner has been working for ranchers on the San Joaquin for several years. For a time he was employed by Howard Wassum. Recently he has been working for W. S. King near the old ranch house at the head of Newport Bay.

Yesterday afternoon at 5 o'clock he was driving a heavily loaded wagon for King. King was in charge of one team and wagon, while Nooner was following him with another. On approaching a gate, King looked back and saw the accident. Nooner's mules were going at a slow walk. When the wheel dropped into a rut, Nooner fell from the seat and struck the ground just in front of the right front wheel. Whether stunned by the fall is not known. He was unable to save himself, and the heavy wagon passed over him.

King ran back as quickly as possible. Nooner was apparently lifeless. Dr. Boyd was summoned, and it was his opinion that death had been instantaneous.

Coroner Winbiger has been endeavoring to secure information concerning Nooner's people. To R. P. Clary, Nooner at one time stated that he had been married and that his wife, from whom he had separated, lived at Park Bottom, Washington.

MASTERFUL TALKS BY LECTURER AT CHRISTIAN CHURCH

Santa Ana people who are not hearing the lectures at the Christian church this week are missing a rare opportunity. Dr. H. T. Wilson is an artist in his line, a master at his art. He is a man with a message—rather, with a series of messages of much practical value. If he were here under the Lyceum Bureau no one could hear him for less than fifty cents per lecture. Mr. Wilson comes and gives a hundred dollar Chautauqua lecture for the free will offering of the people.

If the people of this city could all have heard the lecture last night the good that they would have received could not possibly be measured by commercial terms of value.

The subject of last night's discourse was "If We Only Knew." The lecturer lamented the fact that almost invariably people from conclusions, pass judgment and render verdict upon only partial or circumstantial evidence, when, if all the facts were known the conclusions would be entirely different. He paid his compliments to the legal mind, praising its judicial withholding of judgment until the evidence is all rendered.

Dr. Wilson moved his hearers to the depths of interest and sympathy as he portrayed incident after incident and scene after scene to present the various aspects of his theme. His final and greatest climax was the presentation of the events and scenes of Gethsemane and Calvary.

If they had only known, and if we only knew the character of the Crucified and the purposes of God, how different would have been their attitude and our toward Him," said the speaker.

Tonight the lecture is to be especially for parents, school teachers and high school pupils. The subject, "Sculptors of Life," should insure a large attendance.

AINSWORTH YARDS ARE CHANGING HANDS

Orange News: Announcement was made today that the plant and business of the Ainsworth Lumber Company, a pioneer local concern, had been sold to the Skidmore Lumber Company, which is to take over the business May 1.

The management of the Ainsworth Lumber Company, which vested in F. L. and M. O. Ainsworth, has shown such aggressive spirit that the company has kept pace with the advance of the city through many years and at present has a plant equipment that is surpassed by none in Southern California. At the same time the members of the firm have been in the front of every public movement and have earned an enviable reputation for public spirit. The company's business has been highly successful and has been characterized by scrupulous honesty and good service.

Both members of the firm have an

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly
Clears Nose, Head and Throat—
Stops Nasty Catarrhal Discharges.
Dull Headache Goes.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.
Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

TO ALL GAS CONSUMERS

—Natural Gas is now being delivered to you through our distributing system. The change from artificial to natural gas may necessitate some adjustments in your appliances. This the company will do free of charge as soon as possible. It will require considerable time to do the necessary work and ask that you exercise a liberal amount of patience until this work is completed.

"THE PERFECT CHILD" TO BE TOPIC OF THE CONGRESS OF MOTHERS

WASHINGTON, April 22.—The perfect child, mentally, morally, physically and spiritually—is the paramount object of the third International Congress on the Welfare of the Child, which convened in Washington today and will continue for a week, through April 27. The meeting is under the direction and supervision of the National Congress of Mothers and the Parent-Teacher Associations. From every state in America and from most of the civilized countries of the world thousands of mothers have

come to attend this great meeting and the congress bids fair to be the most important human welfare gathering since the memorial congress on hygiene and demography held two years ago. On the program are more than forty speakers from all parts of the world, women and men of the international reputations and recognized authorities of childhood from the United States, Europe, South American countries, China and Japan. For six days these experts will discuss every phase of the upbringing, training and education of the child and the congress is

bound to be of inestimable benefit to the mothers all over the world. Preliminary conferences and business meetings, to effect an organization, were held yesterday, under the direction of Mrs. Frederic Schöff, of Philadelphia, President of the National Congress of Mothers. Today there were business meetings. The opening address of the congress will be given tonight at the Raleigh hotel. Mrs. Schöff will deliver the president's address and official welcome will be extended to the foreign representatives and the delegations appointed by the governors of the various states. Following the opening meeting the program for the rest of the congress is divided into four main sections. Tomorrow and Friday the meetings will be given over to papers and open discussions, called round tables, or

symposiums, devoted to the relation of the child to the home. The relations of the child to the school will be the topic for the Saturday session. On Sunday "The Church and Child Welfare" will be the subject and Monday the discussion will have to do with the most important division of the congress, the child relation to the state. In these discussions, the most renowned child-training experts of the world will be the speakers and every phase of the development of the youngster will be dealt with. A feature of the congress will be reception to the delegates at White House on Thursday afternoon at which Mrs. Wilson will be the hostess. Dinners, luncheons and sightseeing tours of the capital also have been arranged.

What Do You Need in Furniture?

We Can Supply You With Any Piece of Furniture Needed for Any Room in the House or for Porch and Lawn--All at Lowest Prices

Now is a splendid time to buy furniture at this store. All our lines are very complete and we have in stock a good range of patterns and styles. We know that the values we are giving will surely appeal to you as an economical proposition.
